HOUSE OF INDUSTRY.

FIFTY-THIRD ANNUAL REPORT.

1889-90.

REPORT OF BOARD OF MANAGEMENT.

The Trustees and Managers of the House of Industry beg to report that the funds entrusted to their charge have been administered with all due care and prudence as will appear by the appended reports of the several Standing Committees.

There has been a slight falling off in the matter of subscriptions received, as regards both their number and their amount, but in view of the increasing demands on the resources of the Institution it is earnestly hoped that the public will continue to extend a liberal support to the funds of this charity.

As will be seen on reference to the report of the Committee on Casual Poor the success of the experiment in the treatment of Tramps according to the labor test is now a settled fact.

The great work done by the House is the relief to the Outdoor Poor during the severity of the winter, and although the past has been an exceptionally mild winter it will be noticed that the number relieved has increased by about two hundred families as compared with the number assisted last year, there being a total of 1459 families relieved as compared with 1280 of the preceding year.

Within the past year the respected Superintendent of the House, Mr. North, has been removed by death, and the Managers desire to place on record their appreciation of his faithful services.

Mr. Arthur Laughlen received the appointment of Superintendent, and at the same time the Managers wishing to retain the valuable services of the widow of the late Superintendent have appointed her Matron of the Institution.

The Managers have also regretfully to record the death of Mr. R. I. Walker, one of the Trustees.

Mr. Richard Brown and the Rev. Elmore Harris have resigned their membership of the Board of Managers owing to press of other work.

The appended reports of the various Committees will afford further information of the operations of the trust.

Respectfully submitted,

JOHN GILLESPIE,
Secretary.

SAMUEL ALCORN,
Chairman.

TORONTO, 29th April, 1890.

REPORT OF EXECUTIVE COMMITTEE.

The Executive Committee have held twenty-five meetings during the past year.

It will be seen by comparison that the number of permanent inmates is gradually increasing year by year; but when the large increase of population of our city is taken into consideration the present number, ninety-two, compared with eighty-four last year, is not to be wondered at.

Your Committee carefully scrutinizes all expenditure at each of the semi-monthly meetings with a view to keeping the expenses of the Institution as low as can be fairly expected.

The deaths at the Institution have numbered eight, none of which require special mention, as all have resulted from natural causes, their ages ranging from 62 to 94 years, five being males and three females.

All of which is respectfully submitted,

A. J. BROUGHALL,
Chairman.

REPORT OF CASUAL POOR COMMITTEE.

To the Board of the House of Industry :

The Report of your Committee last year dealt only with part of the year, the months of January, February, and March, so that hardly any comparison can be made between the results last year and this year. This is the first time that there is a report for the whole year. For the year ending 31st March, 1890, the total number of men "Casuals" was 1,481; of this number 530 were in the Lodge only one night, and 977 from one to three nights, leaving 504 who had been in the Wayfarer's Lodge more than 3 nights. The number of nights that this number of 504 was in the Lodge ranged from 3 nights to 198 nights; 14 were in the Lodge at least 100 nights; 6 were more than 120 nights, and one 198 nights. Besides the above 1,481 men Casuals, there were admitted to the Wayfarer's Lodge 128 women.

To counteract the desire of the tramps to remain in the Wayfarer's Lodge longer than necessary, your Committee at the beginning of last winter recommended a resolution, which was adopted by the Board, allowing the Committee to exact from each tramp an increasing amount of wood-cutting at the end of each week.

Your Committee made an advantageous arrangement with the Elias Rogers Company for supplying wood for the wood-yard, but owing to the unusual mildness of the past winter, and the wood-cutting power of the tramps being greater than the Elias Rogers Company anticipated, your Committee is not in a position to state what the effect of the above resolution would be, provided there was a sufficient quantity of wood to apply fully the labour test under the added new condition. But it is manifest that there is a small residuum of the tramps requiring more attention than was given in either 1889 or 1890.

Taking the four months, December, January, February, and March, *i.e.*, 121 nights, the average number of Casuals, male and female, who were lodged each night was 75. The accommodation at the disposal of your Committee will afford shelter for from 150 to 200 each night.

The quantity of wood cut this season was 404 cords, last year it was 370 cords. The labour test your Committee considers of great value, and recommends its energetic continuance in the future work of the House of Industry.

MEN—Casuals in Wards	7,018
Worked	4,250
Refused to work.....	264
Incapables	363
Sent away without working	1,513

The expenditure on capital account since last reporting was \$1,690.00, and the expenditure for the support of the Wayfarer's Lodge was \$1,606.93.

Your Committee adopted the following resolution: That a Register be kept at the House of the Casuals who are either seeking shelter or employment, or both, so that any one who wants labourers may know whether any such are applying at the House of Industry.

There were admitted to the Casual Ward from the 1st April, 1889, to 31st March, 1890, 1,481 men and 128 women.

ARCHIBALD MACMURCHY,

Secretary of Committee.

A. H. BALDWIN,

Chairman.

REPORT OF COMMITTEE ON VISITATION AND OUT-DOOR RELIEF.

The number of families relieved between November, 1889, and April, 1890, has been 1459, as compared with 1280 for the corresponding period in 1888-9. This increase may be partly attributed to the growth of the city, but it is accounted for to a considerable extent by the extraordinary prevalence of the epidemic which, in many cases, laid aside the bread-winner for weeks.

The work of distributing bread to applicants for relief residing to the east of Sherbourne street, has been attended to by Mr. J. Simpson, and, to those residing to the west of Spadina avenue, by Mr. G. Wiley, in both cases to the entire satisfaction of the Committee.

A conference of Visitors was held on the 14th of April, at which notes were compared as to the work of the past season. Some of the larger districts have been divided during the past year, so that there are now forty-four districts assigned to Visitors. The list of Visitors is hereto appended.

Respectfully submitted,

D. J. MACDONNELL,
Chairman.

Toronto, 15th April, 1890.

THE MEDICAL OFFICERS REPORT, 1890.

Since my last report in April, 1888, a period of two years, there have been twenty-two deaths in the House; sixteen men and six women, but there was nothing in any case that requires special mention, as all were of the characters invariably met with in Institutions of this kind.

Two were between the ages of 30 and 50 years.
